How it's Made

The Express Photobook Mini is a unique heirloom quality photobook product created by combining the Europa's award-winning HD Prints™ with the Express Mini Photobook Maker. With a print resolution of 450 ppi, HD Prints™ are exclusive to the Europa family of high speed digital printers. The robotic Mini Photobook Maker retrieves prints from a collated stack, folds each print and adheres it to the back of the previous print or cover until the entire book has been assembled. The Express Mini Photobook Maker uses an adhesive substrate and does not require specialized ventilation.

Europa Printer

Power Supply	230 ± 10% 50/60Hz, 1.5k VA peak
